Palliative Care Education for All Care Providers - Mobilizing Compassionate Communities
Formation sur les soins palliatifs pour tous les soignants - Mobiliser les communautés bienveillantes

October, 2017

Target learners

- Healthcare professionals working in the community whose primary focus of work is not palliative care but who in the course of their work care for patients with life threatening and progressive life-limiting illnesses.
- Ideal for developing teamwork, promoting interprofessional collaboration.

Goals

- Provides learners with the essential, basic competencies of the palliative care approach. It does not make participants palliative care specialists or experts.
- Promoting collaboration amongst providers in different agencies who need to work together (e.g. community based family physicians, home care nurses, community pharmacists, etc.).

Features

- Competency-based
- Workshop format; maximum of 25 learners.
- Length: total of 14 hours.
- Preferred delivery is as 'continuous event' (two back-to-back days). May also be staggered (e.g. across two separate days or four half days).
- 14 modules that vary in length (0.5 to 2 hrs).
- Participant & Facilitator manuals.
- Interprofessional delivery is the default, but "uni-disciplinary" courses in some cases.

Facilitators

- Pallium trained and certified LEAP Facilitators. LEAP Facilitators are required to have significant clinical experience in palliative care in the community.
- Participant to facilitator ratio of no more than 10:1 to ensure interactive learning.

Learning activities

- Different methods for different learning styles and learning objectives. These include:
 - Small and large group learning and discussions
 - Case-based
 - Long & short cases
 - Short videos
 - Reflections
 - Practical tips

LEAP Core Modules

Being Aware	Essential Conversations
